Date: August 23, 2009

Thirst

Remember

Where is God when I am thirsty?

Reflecting on God's Word

1. Read **Psalms 42-43**.
2. What is the psalmist feeling? Why? Reflect on times when you've shared these feelings.
3. What is the repeated verse? How does the meaning change a little with each repetition? (Notice the differences in the verses that precede the repeated verse for hints.)
4. Does the psalmist have hope? If so, why?
5. What is the difference between the psalmist's worship in 42:4 and 43:4?
6. Throughout these two psalms, what is the one specific thing that the psalmist wants? Why?
7. How can you apply these principles in your own life?
